Style on taps

"Flowing Artistry: Where Form Meets Function in Your Sanctuary."

Introduction:

At JSR, we redefine bathroom aesthetics by crafting exquisite, one-of-a-kind faucets that epitomize luxury, design, and functionality. Our passion lies in creating masterpieces that transform ordinary bathrooms into elegant sanctuaries, reflecting the unique tastes of our discerning clientele.

Mission:

Our mission is to merge artistic innovation with impeccable craftsmanship, offering an unparalleled range of bathroom faucets that blend form and function seamlessly. We aim to elevate everyday routines by turning the simple act of using water into a luxurious experience.

Design Philosophy:

At Luxury Faucet Artistry, our design philosophy revolves around harmonizing aesthetics and practicality. We believe that every faucet should be a work of art, meticulously designed to captivate the senses, while also embodying advanced technology for effortless use and maintenance.

Craftsmanship:

Our artisans bring decades of experience to the creation of each faucet, imbuing them with the passion and dedication of true craftsmen. Every detail, from the choice of materials to the finishing touches, is executed with precision, resulting in faucets that are not just functional fixtures, but exquisite sculptures that enrich your space.

Product Range:

Our product range encompasses a diverse collection of faucet designs, each catering to different preferences and bathroom styles. From modern minimalism to classic elegance, our faucets are available in various finishes and configurations, offering a bespoke touch to your bathroom.

Customization:

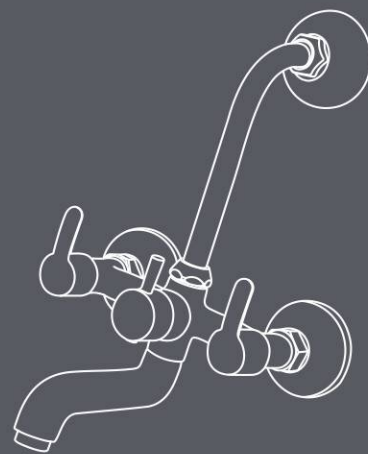

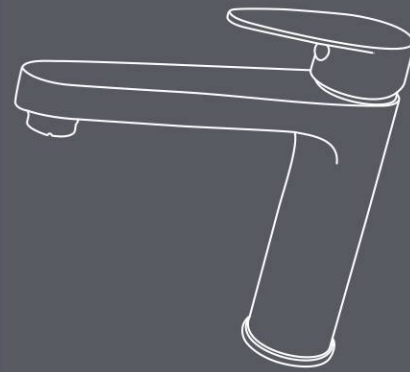

We understand that individuality is paramount when it comes to luxury living. That's why we offer customization options that allow our clients to personalize their faucets, making them an extension of their unique personalities. Your dream faucet is just a consultation away.

Experience Luxury with Us:

When you choose Luxury Faucet Artistry, you're not just acquiring a bathroom fixture – you're investing in an embodiment of luxury, artistry, and innovation. Our faucets transcend functionality, becoming an integral part of your bathroom's design narrative.

Elevate your bathroom experience with Luxury Faucet Artistry. Discover the art of luxury living, one drop at a time.

WATER TANKS AVAILABLE IN 3 LAYERS & 4 LAYERS

WATER TANKS

Color Available :-

AGGRICULTURE PIPE AND FITTINGS

- Pressure pipes & fittings are free from lead & heavy metal
- We maintain minimal ovality at higher precision
- The chance of cracking through weld line is minimal
- Faster and easier installation and 100% leak proof joints
- JSR METRO GOLD COIN Pressure pipes are manufactured in accordance with IS 4985 standard, covering range from 40mm to 200mm in pressure rating of 2.5, 4, 6 & 10 kg/cm²
- The moulded fittings are manufactured as per IS 7834 standard
- Immune to chemical, electrolytic and galvanic action
- These pipes are free from corrosion and chemical action
- Pipes with smooth internal surface which provide better flow characteristics in comparison to AC, CI and GI pipes
- Free from weakness caused by scale formation, rusting and weathering and chemical action

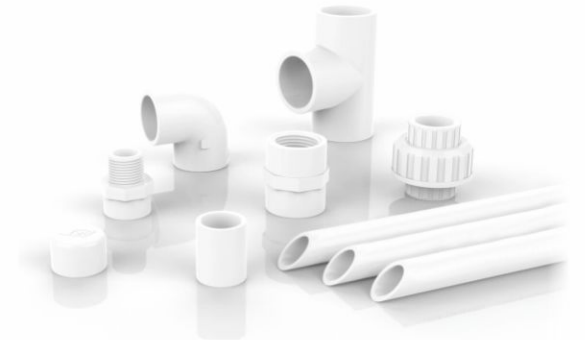

CPVC PIPE AND FITTINGS

- Ideal for hot and cold water plumbing
- High withstanding capacity ranging from max 28.1 bar pressure at 23°C and max 8.79 bar at 82°C
- Wide range of pipes and fittings from 1/2" to 2"
- Pipes are available in SDR 11, SDR 13.5, SCH 40 & SCH 80
- High precision leak proof design
- Being free from rusting, pitting or scaling and galvanic or electrolytic corrosion maintenance is minimal
- Ideal System for carrying drinking water
- Lightweight, easy and quick assembly

UPVC ASTM AND PLUMBING PIPES

- For cold water plumbing
- Available as per ASTM D1785 in schedule 40 & 80
- Available in sizes 1/2" to 2"
- Lead free and Durable
- UV and fire resistant
- Cost effective
- Environmental friendly
- Solvent weld plumbing system
- Easy to install and Low maintenance
- Suitable for drinking water flow

UPVC CONDUIT ELECTRICAL PIPE

- JSR METRO GOLD COIN conduit pipes are ISI marked with confirmation to BIS standards
- JSR METRO GOLD COIN Electrical Conduit Pipes are unplasticised and as a result non supporters of combustion
- Easy handling and installation
- Smooth interior finish facilitates easy laying of wires
- Tested for bending, Impact, Compression and collapsing
- Very cost effective piping system

PVC, UPVC AND CPVC SOLVENT CEMENT

- The most consistent & highest quality solvent cement commercially available
- Easily sticks to both wet and dry pipe surfaces
- Doesn't wash off even with flowing water
- Non-toxic and safe for people and environment
- Doesn't melt in high temperature even in hot weather
- Has a long shelf life
- Clean and odourless, can be washed off hands
